FLOORS FOR REAL LIFE

At Pergo we build strikingly beautiful, extremely hard-wearing floors. No shortcuts, no compromises, just the best in Scandinavian function, design and engineering. We invented laminate flooring and in fact, we've been innovating floors that have gone from strength to strength since the 1970's. Floors that are easy to install and maintain. And with one of the widest ranges around in wood, vinyl and laminate, you're sure to find the perfect one for you.

Come in and look around.

PREPARE FOR A LIFELONG RELATIONSHIP

Pergo vinyl floors are ready to endure whatever you demand – wet days, messy dogs or just life in general. That is as sure as rainy Scandinavian summers and never-ending winters.

Another certainty is that if there is any way we can reduce our production impact, we're going to do it. For instance, we operate our own internal ecosystem, whereby we internally recycle 99% of our production waste, preventing it from being discarded or incinerated.

In addition, we've invested in a new production line with the capability to recycle old vinyl floors. In other words, we put our waste where our mouth is. Yet another great thing is that our vinyl floors are also highly durable, as we build them to last a lifetime.

MAKING NEW OUT OF THE OLD
We consider ourselves pioneers in the flooring industry. Eager to find the new 'thing' and the possibilities it brings for improved vinyl floor manufacturing. Oh boy, do we have exciting news! We have invested in a state-of-the-art production line capable of recycling old vinyl floors that can be transformed into new ones for your home. This groundbreaking initiative allows us to employ a circular methodology that significantly reduces the demand for finite resources. Creating a more responsible and resource-efficient production process.

LIFETIME WARRANTY*
As if the incredible durability of a Pergo floor wouldn't be enough – each floor also comes with a lifetime warranty. Yes, that's quite amazing. We want you to rest assured that your Pergo floor will stand by you, no matter what life brings.

SOFT & SILENT

FLOORS FOR COMFORTABLE LIVING

A Pergo Rigid vinyl floor is a unique combination of comfort and durability. Defining our motto of Scandinavian functional design, the floors are warm to the touch and soft and silent to walk on – yet offers what can only be described as excellent resistance to wear and impact. Thanks to its acoustic layer in the core, the floor provides very pleasant room acoustics. Fantastic? Yes.

WATERPROOF

BECAUSE LIFE'S TOO SHORT
TO WORRY ABOUT WATER

All Pergo Rigid vinyl floors have AquaSafe, our in-house developed technology that creates a sealed, watertight surface all the way down into the bevels, preventing water from penetrating the floor. It simply stands on the surface and you can easily wipe it away.

ELEVATE ANY ROOM WITH LONG LASTING-BEAUTY
